

Are you considering undergoing testing?

Did you know that heredity plays a role in dyslexia (difficulties with reading and writing)?

As an adult, you can also be tested.

After the test, you can gain access to free, personalized dyslexia education tailored specifically to you.

You can also receive helpful tools such as reading and writing technology, as well as membership in NOTA.

Scan the QR code to get the contact information for TH. LANGS HF & VUC in Silkeborg and learn more.
